## Directors' report

Dear Shareholder,

The year 2016 of Telecom Italia Finance (the "Company" or "TI Finance") ends with a profit of EUR 137.927.425,46 vs. a positive result of EUR 68.048.586,21 in the year 2015.

As better described hereinafter, the 2016 profit and loss statement comprises the activities of Telecom Italia International N.V. (hereinafter referred as well as to "TII"), a Dutch Telecom Italia subsidiary which has been merged into TI Finance during the year. Therefore, the figures of the twelve months 2016 are not comparable with those of 2015.

Certain values referred to year 2015 reported herein below have been reclassified in order to give better understanding to the Directors' report.

### Merger of Telecom Italia International NV into TI Finance

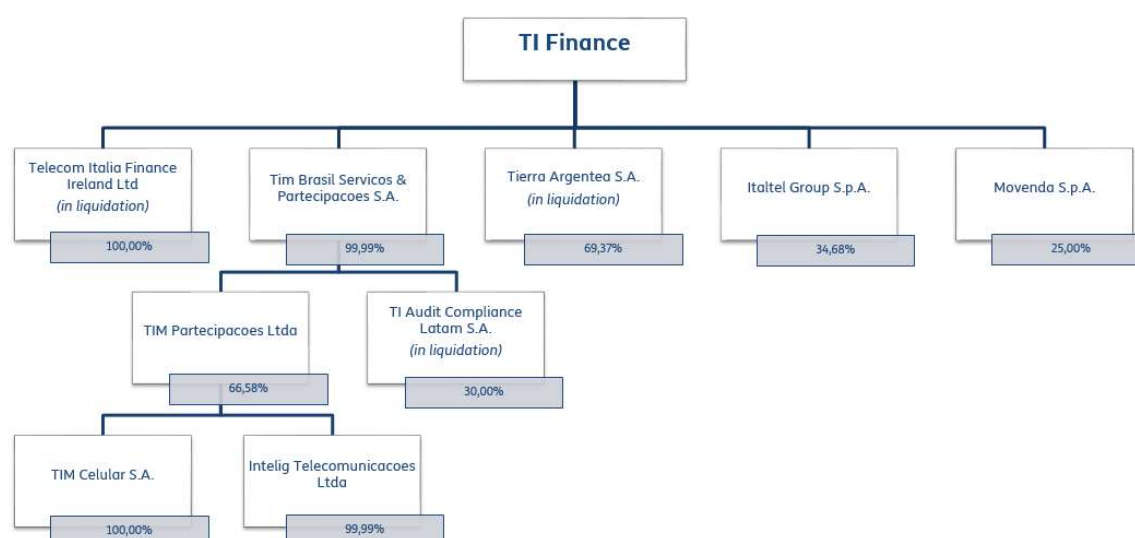

In 2016 the activities of TII have been merged into TI Finance. The merger is effective as of August 1, 2016, date in which the resolution of the TI Finance's sole shareholder have been published on the *Recueil Electronique des Sociétés et Associations* of Luxembourg. However, for accounting purposes, the transfer of the assets and liabilities under universal succession has retroactive effectiveness as of January 1, 2016. TII was a Dutch company active as holding of participations fully owned by Telecom Italia S.p.A. The merger determined the dissolution of TII.

As a consequence of the merger, TI Finance holds 99,99% of Tim Brasil Serviços e Participações S.A. ("Tim Brasil"), which in turns holds 66,58% of TIM Participações S.A., company listed on the Brazilian Stock Exchange and the NYSE and one of the main telecommunications operators in Brazil.

Following the merger of TII into TI Finance, the Company's activities can be segmented into two business: holding of participations and financial assistance to Telecom Italia Group ("TIM Group") companies.

#### a) Participations

The table here below shows the main shareholdings as at December 31, 2016:

The main operations during year 2016 are the following:

- Tim Brasil distributed a dividend worth EUR 80,7 million, of which EUR 77,2 million have an impact on 2016 profit and loss statement.

- On March 8, 2016, following the approval by the Enacom, the Argentinian communications regulatory authority, the 18,50% shareholding in Sofora Telecommunications S.A. (the holding company for the TIM Group's controlling stake in Telecom Argentina) has been divested recording a gain of EUR 111,2 million net of withholding tax.
- The book value of Telecom Italia S.p.A ordinary shares in portfolio has been reduced for an amount of EUR 35,8 million.
- Tierra Argentea S.A., an Argentinian subsidiary, distributed dividends worth EUR 0,6 million and entered into voluntary liquidation process.
- Telecom Italia Finance Ireland Limited, an Irish subsidiary, entered into voluntary liquidation process.
- Purple Tulip B.V., a fully owned Dutch subsidiary, has been liquidated.

As of December 31, 2016, the overall net book value of the Company's equity investments is EUR 4.647 million (compared to EUR 1.500 million as of December 31, 2015).

#### **b) Financial activity**

The borrowing and lending activities as per December 31, 2016 generated a contribution of EUR -6,2 million, vis a vis EUR 38,6 million for the same period 2015.

The contribution of the financial activities decreased by EUR 44,8 million vis a vis the previous year due to reduced lending to TIM Group companies (lower margin for EUR 31,1 million) and to non-recurrent earnings on derivative contracts registered in 2015. Furthermore, the available liquidity has been invested in money market products with returns reflecting the very low levels of the short-term interest rates.

The net financial position as of December 31, 2016 is positive for EUR 3.087 million (EUR 1.670 million as of December 31, 2015).

As of December 31, 2016, the total outstanding nominal amount of notes issued by TI Finance amounts to EUR 1.015 million (EUR 2.315 million as of December 31, 2015). During the year 2016, the 6,125% mandatory convertible bond worth EUR 1.300 million matured and was repaid.

#### **Share Capital**

As of December 31, 2016, the authorized, issued and fully paid-up capital is worth EUR 1.818.691.978,50 (EUR 542.090.241,00 as of December 31, 2015), represented by no. 185.960.325 (no. 55.428.450 same date 2015) ordinary shares with a nominal value EUR 9,78 per share.

#### **Risks**

The Directors consider the following as the principal risks that could materially affect the result and the financial position of the Company:

- the value of holdings in associated undertakings, equity investments and securities issued from third parties may be adversely affected by financial and economic development;
- foreign currency risk: according to risk TIM Group management policies, TI Finance hedges the foreign currency exposure on its assets and liabilities in currencies other than euro through currency swap contracts or natural hedge positions;
- interest rate risk: in order to modify its interest rate exposure, TI Finance enters into interest rate swaps. However, no assurance can be given that fluctuations in interest rates will not adversely affect its results of operations or cash flows;
- moreover, the Company is exposed to generic market, credit and liquidity risks:
  - credit risk: representing the risk of non-fulfilment of obligations assumed by a counterparty in relation to lending and liquidity management activities;
  - liquidity risk: related to the need to meet short-term financial liabilities.

The above-described financial risks are managed through:

- the application of the following guidelines defined at TIM Group level:
  - for market risk: fully hedging the exchange risk and minimizing exposure to interest rates through appropriate diversification of the portfolio, including the use of derivative financial instruments;
  - for credit risk: liquidity management is based on prudential criteria and articulated in investment of temporary cash surplus (money market instruments) and investment of a permanent level of liquidity (bond portfolio management). In both situations, in order to manage the counterparty risk, the counterparties are selected according to their credit rating and the exposure is regulated both by names diversification and by tenor;

- for liquidity risk: an adequate level of financial flexibility is obtained by maintaining a treasury margin that allows the refinancing requirements to be covered for at least the next twelve months.
- the identification of the most suitable financial instruments, including derivatives, to reach prefixed objectives;
- the monitoring of the results achieved.

Telecom Italia Finance is committed to the following TIM Group organizational model:

- Definition of strategic guidelines: in charge of the TIM Group Finance “Risk Committee” of which the CEO and the Treasurer of Telecom Italia Finance are members.
- Execution activity: in charge of Telecom Italia Finance Front and Back Office, which, among others, implements such guidelines in coordination with the TIM Group Treasurer and Capital Markets.
- TIM Group Financial Planning & Risk Control: any deviation from the guidelines is reported by the TIM Group Financial Risk Controller to the Finance “Risk Committee”.

Additional details on financial risk management policies of TIM Group are available in the Telecom Italia S.p.A. consolidated accounts and related documents.

#### **Events subsequent to December 31, 2016 - Evolution of the year 2017**

During the year 2017 it is foreseen to continue the financial assistance to TIM Group Companies and the holding of participation activities.

The Board remarks that the current financial environment characterized by very low level of short-term interest rates will influence earnings of the Company especially the return on liquid assets.

No event after the closing has a material impact on the financials herein reported.

The Company does not perform research and development activities. The Company did not acquire and does not hold its own shares.

Financials as of December 31, 2016 herein reported comprise the balance sheet, the profit and loss account, the cash flow statement and the explanatory notes.

#### **Allocation of the result**

The Board reminds that out of the result of EUR 137.927.425,46 at least EUR 6.896.371,27 must be allocated to the legal reserve; the difference of EUR 131.031.054,19 remains at disposal of the shareholder.

For the Board of Directors  
The Managing Director  
Adriano Trapletti

## Notes to the Annual Account

as at December 31, 2016, which have been authorized by the Board of Directors held on March 22, 2017

### Note 1 – General information

Telecom Italia Finance (the “Company”, “TI Finance”) was incorporated on June 2, 2000 for an unlimited duration. The registered office is established at 12, Rue Eugène Ruppert L-2453 Luxembourg. The registered number is B 76.448.

The corporate object is to provide any financial assistance to Telecom Italia S.p.A. (the “Parent Company”) itself as well as to all companies in which the Parent Company has a direct or indirect interest. This is implemented by the provision of loans and the granting of guarantees or securities in any kind or form. The object of the Company is further to provide domiciliation and administration services to companies being part of the Telecom Italia Group and to exercise any activity in relation thereto as provided in the law of May 31, 1999 on the domiciliation of companies, as amended. The Company may acquire and hold interests in Luxembourg and/or in foreign undertakings. The Company may also use its funds to invest in real estate and in intellectual property rights in any kind or form. The Company may participate at the creation and development of any other companies and entities and provide financial assistance in any kind or form. The Company may borrow in any kind or form and issue bonds or notes. Generally, the Company may carry out any commercial, industrial or financial operation, relating directly or indirectly to its object.

The financial year begins on January 1st and ends on December 31st of each year.

### Note 2 – Summary of significant accounting policies

#### Basis of preparation

The accounts in hand are prepared in accordance with the accounting principles and regulations generally accepted in the Grand Duchy of Luxembourg (“Luxembourg GAAP”) under the historical cost convention.

As allowed by the amended law of December 19, 2002, the Board of Directors of the Company has decided to include the cash flow statement based on the indirect method.

Euro (EUR) is the book accounting currency.

#### Use of estimates

The preparation of financial statements in accordance with Luxembourg GAAP, requires Board of Directors to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the accounts, and reported amounts of revenues and expenses during that reporting period. Actual results could differ from those estimates.

#### Foreign currency translation

The Company follows the multi-currency accounting policy that consists in recording the assets and the liabilities in their original currencies, the same being converted into EUR at the balance sheet date.

The exchange differences arising from the transactions expressed in currencies other than EUR are hedged either by balanced deposits and loans or through derivative instruments, such as Cross Currency Interest Rate Swaps (“CCIRS”) or foreign exchange agreements, all hereby referred to as “currency swaps”.

Currency swaps combine two positions that are represented by the amounts that will be exchanged with the counterparty at the maturity of the contract. They are recorded as assets or liabilities to the net between the payable and the receivable amount. Generally, one is in EUR and the other in currencies other than EUR. This latter is converted into EUR at the balance sheet date.

The unrealized exchange differences that arise from all these conversions are reflected in the profit and loss account in the items “Other interest and similar expenses/Other interest and similar income”.

The realized income and charges in currencies other than EUR are recorded in their respective currencies and converted at the exchange rate prevailing on the respective transaction dates.

The exchange rates used to translate foreign assets and liabilities are summarized in the table here below.

<i>Local currency against 1 EUR</i>	December 31, 2016	December 31, 2015
BRL (Brazilian real)	3,435420	4,25116
CHF (Swiss franc)	1,07390	1,08350
GBP (Pound sterling)	0,85618	0,73395
JPY (Japan Yen)	123,40000	131,07000
RON (Romanian Leu)	4,53900	4,52400
USD (U.S. dollar)	1,05410	1,08870

#### Formation expenses

Formation expenses may include incorporation expenses and bond issuance expenses. Incorporation expenses are valued at purchase price including the expenses incidental thereto less cumulated depreciation amounts written off over maximum 5 years. Bond issuance expenses are written off on a straight-line basis over the period of the note.

#### Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation and any impairment adjustments. Depreciation is calculated on a straight-line basis over the estimated useful life of the assets. The carrying values of tangible assets are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

#### Financial fixed assets

Equity investments and securities held as fixed assets in non-current assets are evaluated according to the historical cost method. The contingent write-downs are recorded in case of a permanent impairment loss of the investments estimated by the Board of Directors while comparing the net book value with the market value or with the net equity of the company. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply.

#### Debtors

Debtors are valued at their nominal value. They are subject to value adjustments where their recovery is compromised. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply.

#### Other investments

Transferable securities in current assets are evaluated to the lower between the market value and the acquisition cost. A value adjustment is recorded where the market value is lower than the purchase price. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply.

#### Cash at bank and in hand

Cash at bank and in hand is defined as cash in hand, demand deposits and short-term, highly liquid investments readily convertible to known amounts of cash and subject to insignificant risk of changes in value. Cash at bank and in hand and short-term deposits which are held to maturity are carried at cost.

#### Accrued interest

Accrued interest are shown with their principal amount.

#### Prepayments/Deferred income

"Prepayments" and "Deferred income" accounts include prepaid charges and deferred income.

Issue discounts and issue premiums are listed with the related notes, while other similar charges are classified in "Formation expenses". All are amortized through the profit and loss account on a straight-line basis over the lifetime of the notes.

#### Derivative instruments

The commitments related to derivative instruments are recorded off-balance sheet at their nominal value as of transaction date.

In case of negative Mark to Market value of non-hedging instruments at the financial statements closing date, a provision is recorded.

#### Creditors

Creditors are recorded at their reimbursement value. Where the amount repayable on account is greater than the amount received, the difference is shown in the same line of the debt and is written off over the period of the debt based on a linear method.

### Provisions

Provisions are recognized when the Company has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

### Provisions for taxation

Provisions for taxation corresponding to the difference between the tax liability estimated by the Company and the advance payments for the financial years are recorded under the caption "Provisions for taxation".

### Note 3 – Formation expenses

All the formation expenses consist of issuance expenses related to long-term debts.

[\*] Differences between December 31, 2016 and December 31, 2015 are due to exchange rate impact.

[\*\*] During the year a total amount of EUR 750.000.000,00 has been reimbursed in advance.

[\*\*\*] The company name has changed from Mediterranean Nautilus Telekomünikasyon Hizmetleri TAS to TI Sparkle Turkey Telekomünikasyon Anonim Şirketi during the year.

The board of Directors is of the opinion that the value of the loans above is fully recoverable.

## Note 8 – Investments held as fixed assets

The amount of EUR 633.821,39 (EUR 2.576.031,94 as of December 31, 2015) is related to the investment in the fund Clessidra Capital Partners. The movements occurred during 2016 are entirely attributable to value adjustments.

Moreover, the Company holds financial participation instruments (“FPI”) that have been converted on March 2013 from a loan granted to Italtel S.p.A. on the basis of a financial restructuring agreement under the Italian bankruptcy law. The FPI have been originally booked for EUR 4.500.000,00 and entirely adjusted to zero at the end of the year 2013.

To the best of its knowledge, the board of Director is of the opinion that the net book value of the investments is fully recoverable and no further impairments need to be recorded.

#### **Note 35 – Staff**

As of December 31, 2016 the Company had on its payroll 10 employees (December 31, 2015 - 10). The average of employees during the fiscal period has been of 10 persons (December 31, 2015 - 9,83).

#### **Note 36 – Litigation**

The litigation in which the Company is involved as per December 31, 2016 are described here below. The Company has not recognised provisions in connection with the litigations.

- **Brazil - Opportunity Arbitration**

In May 2012, Telecom Italia S.p.A. and Telecom Italia International N.V. were served with an arbitration brought by the Opportunity Group, claiming restoration of damages allegedly suffered as a consequence of the presumed breach of a certain settlement agreement signed in 2005. Based on claimant's allegations, such damages would be related to matters emerging in the context of the criminal proceedings pending before the Court of Milan regarding, among others, unlawful activities of former employees of Telecom Italia.

The investigatory phase has been completed and the hearing took place in November 2014, after which the parties filed their concluding arguments in preparation for the decision on the case.

In September 2015, the Board of Arbitration declared the proceedings closed. Subsequently, the Board of Arbitration allowed the parties to exchange short arguments and the ICC Court extended the term for the filing of the award.

On 6 September 2016, the Arbitral Tribunal notified the final award to the Parties, dismissing all claimants' claims and determining that each Party shall bear its own legal and experts costs, as well as half of the ICC administrative expenses and Tribunal fees and expenses.

- **Brazil - CAM JVCO Arbitration**

In September 2015, JVCO Participações Ltda. filed an application for arbitration before the *Camara de Arbitragem do Mercado* (CAM), based in Rio de Janeiro, against Telecom Italia S.p.A., Telecom Italia International N.V., Tim

Brasil Serviços e Participações S.A. and Tim Participações S.A., claiming compensation for damages due to an alleged abuse of controlling power over Tim Participações.

In October, all the companies entered appearances and filed statements of defence and TIM Participações filed a counterclaim asking for JVCO condemnation for abuse of minority rights.

Subsequently, the Arbitral Tribunal was formed and in the month of May 2016 the preliminary hearing was held, wherein the Terms of Reference were signed. After the hearing, the Arbitral Tribunal issued a procedural order, accepting the request of the TIM Group about the preliminary examination of the question of standing to sue of JVCO and setting the provisional calendar of arbitration

In June 2016, the parties exchanged their submissions and in their defences Telecom Italia S.p.A., Telecom Italia International N.V., Tim Brasil Serviços e Participações S.A. and Tim Participações S.A. contested the standing to sue of the counterparty, to be sued of Tim Participações and disputed the existence of the abuse of power.

In July, the parties filed their statements of defence.

On October 19, 2016 the Arbitral Tribunal issued a procedural order on the preliminary issues regarding the lack of standing to sue of the parties, founding the standing to sue of JVCO and to be sued of TIM Participações and fixing the calendar for the subsequent filings of the parties. On November 21, 2016 and on December 19, 2016 the parties filed their further replies.

On January 31, 2017, the Arbitral Tribunal issued a procedural order on procedural matter, summarizing the main controversial issues of the proceedings and setting forth the step of the evidentiary phase. The parties have then indicated the means of proof they intend to produce in the proceedings; subsequently, the Arbitral Tribunal fixed the dates for the hearings.

#### **Note 37 – Auditor’s fees**

During the 2016 a total of EUR 54.104,27 (Net without taxes) has been paid to PricewaterhouseCoopers, Société cooperative for the audit activity (December 2015 – EUR 36.097,68). No other amount has been paid to the Auditor.

#### **Note 38 – Adjustment on the comparison period**

According to the Grand Duchy Law of 18 December 2015 modifying the first book of the Commercial Code and the amended versions of the G.D Law of the 10 August 1915 on commercial companies and G.D. Law of the December 19, 2002 the Company has drawn the Balance Sheet and the Profit and Loss as at December 31, 2016 under the new layout.

The changes implemented did not impact particularly the layout of the Balance Sheet of the Company.

In the following page you can find the details concerning the reclassification made-up for the comparison period (December 31, 2015) of the Profit and Loss account.

## Declaration of the manager responsible for financial reporting

---

Pursuant to paragraph 3 of Luxembourg's Transparency Law, the undersigned Adriano Trapletti, Managing Director of the Company, to the best of his knowledge, hereby declares that the above financial statements prepared in accordance with Luxembourg legal and regulatory requirements relating to the preparation of the annual accounts give a true and fair view of the assets, liabilities, financial position and profit or loss of the issuer and that the management report includes a fair review of the development and performance of the business and the position of the issuer as at and for the period ended December 31, 2016, together with a description of the principal risks and uncertainties that the issuer faces.

Adriano Trapletti  
Managing Director

## **Audit report**

To the Shareholder of  
**Telecom Italia Finance S.A.**

---

### **Report on the annual accounts**

We have audited the accompanying annual accounts of Telecom Italia Finance S.A., which comprise the balance sheet as at 31 December 2016, the profit and loss account for the year then ended and a summary of significant accounting policies and other explanatory information.

#### *Board of Directors' responsibility for the annual accounts*

The Board of Directors is responsible for the preparation and fair presentation of these annual accounts in accordance with Luxembourg legal and regulatory requirements relating to the preparation of the annual accounts, and for such internal control as the Board of Directors determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

#### *Responsibility of the "Réviseur d'entreprises agréé"*

Our responsibility is to express an opinion on these annual accounts based on our audit. We conducted our audit in accordance with International Standards on Auditing as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier". Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the annual accounts are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the annual accounts. The procedures selected depend on the judgment of the "Réviseur d'entreprises agréé", including the assessment of the risks of material misstatement of the annual accounts, whether due to fraud or error. In making those risk assessments, the "Réviseur d'entreprises agréé" considers internal control relevant to the entity's preparation and fair presentation of the annual accounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors as well as evaluating the overall presentation of the annual accounts.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the annual accounts give a true and fair view of the financial position of Telecom Italia Finance S.A. as of 31 December 2016, and of the results of its operations for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation of the annual accounts.

### **Other information**

The Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' report but does not include the annual accounts and our audit report thereon.

Our opinion on the annual accounts does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the annual accounts, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the annual accounts or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

### **Report on other legal and regulatory requirements**

The Directors' report is consistent with the annual accounts and has been prepared in accordance with the applicable legal requirements.
